MARINE CORPS ORDERED TO LET M'KEON DEFENSE SEE RESULT OF OPINION POLL

By CHARLES WEST

Parris Island, S. C., (AP)—The Marine Corps was ordered today to let the defense in the trial of Sgt. Matthew McKee see the results of an opinion poll of 27,000 Marines on how best to train fighting men.

McKee is the 31-year-old former drill instructor from Worcester, Mass., who led six Marines to their deaths by drowning in a tidal marshland last April 8.

The defense argued yesterday that the poll should be made available on the grounds that it would serve in some measure to explain McKee's activities on that fatal night.

Quick Approval Sought For Military Bill

Washington (AP)—With unprecedented speed, the House today passed a \$2,138,886,000 military construction bill stripped of provisions which drew a presidential veto yesterday. The bill now goes to the Senate. The House action was taken by unanimous consent with only about 100 members on the floor. It came shortly after the Armed Services Committee had approved a measure lacking two provisions objected to by the President. These would have required the Defense Department to get approval of the Senate and House Armed Services Committees before going ahead with contracts for Talos missile sites and for construction of government-insured housing for service men's families. Except for eliminating these two provisions, the new bill was identical to the one vetoed. It authorizes construction of hundreds of projects at military bases in the United States and abroad.

Accidental Arsenic Poisoning Plagues Ambassador Luce

New York (AP)—Deadly arsenic poisoning has struck down the painter's wife, Mrs. Luce, after she had her bedroom ceiling in Rome reportedly caused the long series of illnesses that have plagued Ambassador Luce, U. S. ambassador to Italy.

The reason for the strange sickness was kept a secret for more than a year.

Last night Time magazine disclosed the whole bizarre tale after friends told Mrs. Luce they had heard snatches of the story. The painter's husband, Henry R. Luce, is editor in chief of the magazine. Mrs. Luce, former playwright and Republican congresswoman from Connecticut, was named ambassador to Rome in 1953. On arrival she moved into the 17th century Villa Taverna, official residence of U. S. ambassadors.

Then for 20 months tiny specks of the poisonous arsenic fell unobserved from the paint, on the ornate bedroom ceiling. The arsenic powdered her breakfast coffee. In summer the paint gave off noxious fumes, which she inhaled.

The award was presented at ceremonies at the Duquesne Club marking the oil veteran's 87th birthday. Gov. William Marland of West Virginia and Sens. M. M. Neely and William Laird, West Virginia Democrats, were among those honoring Benedum.

AIRMAN KILLED

Big Spring, Tex. (AP)—Ernest Edward Rhoads, 23, an airman first class stationed at Webb Air Force Base, was killed yesterday when his motorcycle collided with a truck near the city limits of Odessa. Rhoads was the son of Mr. and Mrs. Leland Rhoads of Knox, Pa.

Pointing to a "rash of fatal accidents due to bad tires," Capt. Singleton Sheaffer addressed the warning in strong terms.

Sheaffer said he has issued new orders to turnpike detail troopers "cracking down" on the use of bad tires on the 408-mile cross-state toll road.

Sheaffer said the new orders will be enforced at service stations, at interchanges and on the roadway itself. Motorists with unsafe tires will be ordered off at the next interchange.

ALERT IS SHORTENED

Washington (AP)—With the explanation that it "fits in better" with President Eisenhower's schedule that way, the government cut 19 hours from its Operation Alert. That is the Civil Defense evacuation which will send scores of government officials scurrying to secret hideaways from which they will operate beginning Friday at 11 a. m. (EDT).

The new plan is to end the test next Wednesday at 5 p. m., instead of at noon the following day.

Members of Warren Area Joint Board Hear Many Interesting Reports at the July Meeting

Average annual salaries of \$4,217 were paid the 145 teachers in the purview of Warren Area Joint School Board joint committee during the past year, it was revealed last night at an adjourned meeting of the group.

The median teacher has 13.3 years teaching experience and has taught 8.5 years in Warren. Four teachers received \$5,500 plus, according to figures submitted to the board, and seven were in the lowest bracket from \$2,800 to \$2,900.

Largest numbers of teachers were in the \$4,200-\$4,399 group, a total of 23. Eleven received from \$4,400 to \$4,599 and 20 from \$4,600 to \$4,799.

As far as training went, 31.6 percent of the total had master's degrees and 51.8 percent bachelor degrees. Eighty percent had college certification and it was reported that for the first time in at least ten years, no one taught the previous year on a full time basis with only an emergency teaching certificate.

Negotiations In Steel Strike Are In Recess

Pittsburgh (AP)—Negotiations were recessed in the nationwide steel strike today while industry representatives went over the situation with top executives of 12 major basic steel companies.

Before heading to New York for the meeting, John A. Stephens, vice president of U. S. Steel Corp., declared:

"We are going to consider this whole picture again. We will meet with some of our associates whom we have not seen since June 29."

Stephens has been the top industry negotiator in meetings which have included representatives of Bethlehem Steel Co. and Republic Steel. The latter two companies, along with U. S. Steel, are the "big three" of the basic steel industry.

After the negotiations recessed yesterday—until 2 p. m. EDT tomorrow in Pittsburgh—David J. McDonald, president of the United Steelworkers, said there had been "no new developments."

Stephens was asked of the New York session meant the industry would prepare a new settlement proposal. He replied:

"I do not mean that."

There was no indication that the industry or the union have changed their positions since 650,000 U. S. Steel members shut down 90 per cent of the nation's basic steel industry on July 1.

State Senator Stricken At Wheel in Pittsburgh

Pittsburgh (AP)—State Senator Murray Peelor, 62, Indiana County Republican, died of a heart attack Monday while driving to Pittsburgh in his automobile.

Officials of Columbia Hospital at Wilkesburg said Peelor was dead on arrival.

A hospital spokesman said Peelor was stricken at the wheel on the outskirts of the city and that his wife managed to stop the auto.

An ambulance, en route to another call, was flagged down and Peelor was rushed to the hospital where he was pronounced dead.

Peelor was serving his second four-year term in the Senate and was not seeking reelection. He was elected in 1948 and reelected in 1952.

'Duck' Tows 'Dock' as First Official Duty

—Timesphoto by Saylor

Warren County Civil Defense's new water rescue division "Duck" shown above performed its first official duty this morning after approximately 100 persons were taken for a joy ride on the craft during a demonstration at Warren airport last night.

A crew composed of Orlando Papalia, Manuel Truitt, Everett Siefert and William Yeager, Jr. took the "duck" upstream almost to Kinzua this morning to rescue the Boy Scout Camp dock which had been cut loose over the weekend.

The pier, in two sections, had drifted downstream in the swollen current and lodged near the Hotel Jinx. The duck pulled the 50-foot and 60-foot dock sections across to the south side of the river where they can be loaded on a truck and taken back to Camp Olmsted.

The duck could make no progress up stream towing the heavy dock sections against the rapid current brought by heavy rains.

A large crowd of spectators was on hand at Warren Airport last night as members of the CD water rescue division put the 185-horsepower vehicle through its paces. The vehicle is stored in the airport hangar.

Percentage of promotions at the Warren schools amounted to 96.3 of the total enrollment advancing.

McCintock and Home Street Schools reported 100 per cent passing in June. Tenth grade showed the worst percentage of failures, with a low 87.2 per cent making the grade, as compared to mid and high 90 percentages in other 11 grades. Thirty-seven sophomores flunked.

It is estimated the total Warren pupil population for the coming year will be about 3,732. This is (Turn to Page Six)

United Nations, N. Y. (AP)—The disarmament deadlock shifted back today to the five-power U. N. Disarmament subcommittee for another round of private talks this fall in New York or London.

The subcommittee's parent body, the 12-member Disarmament Commission, ended a story two-week public debate last night without any noticeable progress. Its only official action was to call on the subcommittee to resume its efforts and to take into account the various observations and proposals made during the discussion here.

The subcommittee—made up of the United States, Russia, Britain, France and Canada—already has been negotiating three years with no agreement yet in sight. It met last in London March 19-May 4.

The next public debate on the arms issue probably will take place in the U. N. General Assembly, which meets in New York Nov. 12.

Vital Questions To Be Decided by the Wheat Vote Friday

N. E. Dodd, chairman, Warren County Agricultural Stabilization and Conservation Committee announced that Warren County farmers will vote on Friday in the ASC Office, 2nd Floor, Court House Annex on the Wheat Marketing Quota Referendum. The Poll will open at 9 a. m. EDST and will remain open until 9 p. m. EDST.

Growers eligible to vote in the wheat quota referendum are all

those who will have more than 15 acres of wheat for harvest on a farm in 1957. These farmers have been notified of their wheat allotments Quotas do not affect those farmers who harvest 15 acres of wheat or less for grain on a farm.

Those farmers who exceed the larger of the farm allotment or 15 acres will be subject to a penalty of 45 percent of the parity price for wheat on the excess production.

Workman Known Here Is Killed in Accident

Wilford Thomas Young, 19 year old resident of Waterford and construction worker in Warren for the past year, was one of several victims of weekend highway fatalities in the southern Pennsylvania and Virginia area.

Young, who has been working with a construction crew on the new Sylvania plant on Lexington avenue and living at 1411 Pennsylvania avenue, east, left here about three weeks ago to work on another job at Charlottesville, Va. A pipefitter by trade, he was engaged in installation of a sprinkler system in the southern plant.

Police officials investigating the accident said Young was a passenger in a car which crashed after going out of control on U. S. Highway 250, just east of Staunton, Va., and died soon afterward in a Charlottesville hospital.

So far as could be learned, he

is survived by a sister in Waterford.

Details concerning funeral arrangements are not known.

"The Greatest Show on Earth" Pulls Up Stakes in Pittsburgh Ending Present Summer Tour

By William A. Swartworth
Pittsburgh (P) — Roustabouts pulled down for the last time today the mammoth tent of Ringling Bros., Barnum & Bailey Circus, ending an era in American entertainment that thrilled generations. "The Greatest Show on Earth" closed its road tour in a blaze of glory last night at nearby Heidelberg. Every performer seemed to put a little extra into his act for the overcapacity crowd of some 10,000.

It was a night of glitter and spectacle.

After the crowd melted away, weary performers and workers packed belongings and gear, and the circus headed for winter quarters at Sarasota, Fla., in its gaily colored railroad cars.

John Ringling North, board chairman and president of the circus, abruptly announced the closing of the 1956 season shortly before the afternoon show.

"The tented circus as it now exists is, in my opinion, a thing of the past," North said. "We are considering plans for the future which may involve an almost completely mechanized controlled exhibition."

But he promised the 87th presentation of the circus will open as usual next year on April 3 at Madison Square Garden in New York and will play the 1957 season in other air-conditioned arenas all over the United States.

Gone will be the big top, the sideshows and the midway—where wide-eyed youngsters strolled with their parents and enjoyed peanuts, cotton candy and bright-hued dolls and other trinkets.

Labor troubles, bad weather, rising costs and other factors such as television, which cut into attendance, put an end to the tent show.

Similar problems sounded the death knell earlier this year for two other circuses—Clyde Beatty and King Bros. However, a group of men formerly associated with Ringling Bros., Barnum & Bailey has purchased the Clyde Beatty Circus and plan to reopen it Aug. 30 in Albuquerque, N. M.

If the plan materializes, it would be the last big traveling road circus in America.

North could not be reached for comment and nobody else in authority with the circus would say what will become of the 800 to 1,000 persons on the payroll.

Many seemed to feel they would have to find work elsewhere. Others hoped they would be able to stay on.

DOWN 5.718 FEET

Titusville Herald: Shaw Farm No. 1, the deep test well in Warren County near Tidioute, was 5,718 feet deep last evening, a gain of 88 feet in the week.

Drilling would have been faster, but when work was resumed on the hole last Tuesday after ceasing it was necessary to bale out much water and to drill through 130 feet of solid cement. With these chores out of the way, drilling is now proceeding pretty well, a spokesman for the operators said. He said that he expects to reach the Medina sandstones this week.

GARLAND STATION

According to The Titusville Herald a rumor that the New York Central Freight Station at Garland is being closed was revealed last evening to be without foundation in fact. Agent A. H. Kane said that the railroad has not applied to the Public Utility Commission for permission, and that PUC approval was absolutely necessary for a closing. Business is booming, Mr. Kane said. In the first six months of this year it has been better than at any time in the past, he reported. Mr. Kane was formerly agent at East Titusville—the station was called Fieldmore Springs—and at Garland. Both have long been closed.

Kearns, recently named Republican Woman of the Year, who is ineligible to succeed herself in the top elected post for a woman in the Republican party. The election will take place at the National Federation of Republican Women's Ninth Biennial Convention in Chicago Sept. 5-7, the first major political event following the Republican National Convention in San Francisco.

Skywatchers Observe Fourth Anniversary With a Visit To Filter Center and Air Base

In observance of the fourth anniversary of the beginning of Operation Skywatch, the group took a bus trip to Buffalo Filter Center and a tour of Niagara Falls Air Force Base Saturday, leaving by chartered bus at 7.30 a. m. from the local bus depot and arriving at Buffalo Filter Center at 10.45 a. m.

This interesting account of the trip was submitted by George Eberhardt, who directs the activities of the Ground Observer Corps in Warren:

The operation of the Filter Center was explained to the group by Capt. Flagg and his men. The new vertical plotting board was a source of interest, but as yet it has not been placed in operation due to the lack of telephone equipment which is being installed at the present time. Awards were presented by Capt. Flagg to the following G.O.C. members: Miss Lucy Hearst, Kane Post Supervisor, 2250 hours; Claude Blair, Kane C. D. director, 1000 hours; Miss Cora McDade, Kane Observer, 250 hours; Mrs. Lorraine Selz, Warren Post Observer, 250 hours.

The group left the filter center at 11.15 for the Air Force Base at Niagara Falls, arriving there at 12.15, where Lt. Irwin, public information officer, and A. 1/c W. E. Be took over the tour and escorted them into the mess hall where a fine meal was enjoyed by every-

one. Following lunch, they were taken to the briefing room, where Lt. Irwin welcomed them on behalf of Col. Curren, base commander, and explained just how the job of G.O.C. volunteers worked into their plans. He also told how the aircraft made identification on interceptors and what action followed. They were then taken to the ready room where the interceptor pilot waited for the signal to go into action. These quarters were very nice and comfortable with all kinds of facilities for the pilots' comfort, and the group saw a T-33 trainer land and taxi in front of the ready room.

A talk was given by Capt. Lemka, a pilot on duty at that time, on how the 86-D Sabre Jet, which they are equipped with, functions. These fighter-interceptors are all-weather planes which can take off and land with no ceiling. The rocket pods were explained as well as how the radar worked. Then they simulated an actual "scramble" for the group, which takes approximately five minutes after the alarm is sounded before they are in the air. The pilot really opened the throttle, then cut in the after burner, which made a lot of the observers cover their ears as the noise was so piercing. The group was then permitted to inspect the planes both outside and inside, which everyone enjoyed immensely. There was a lot of air activity all afternoon. Lt. Irwin explained they had 40 pilots assigned on the Base and that it took 1,000 men to service the installation, mechanics, firemen, hospital attendants, cooks, communications, supply, fuel, etc. The post photographer took a group picture after which the group left for Warren. Everyone agreed that it was a wonderful experience.

Those making the trip included George R. Eberhardt, Warren Post Supervisor and County Air Chief, Mrs. Lucy Hearst, Kane Post Supervisor, Mrs. Emma Johnson, Chief Observer, Tidouste, M/Sgt. Nelson Aliff, Olean, sector chief, Fran Bouquest, Salamanca, sector chief. Those attending from Warren: E. Wollaston, Mrs. B. Wollaston, Mrs. E. Valentine, Mrs. L. Beiz, J. Loper, J. Tebner, J. Nordme, R. Hines, D. Gotto, R. Rudolph, J. Swanson, J. Gaghan, L. Gaghan, S. Eberhardt, W. Eberhardt, D. Carnahan, R. Engstrom, D. Webster, R. Webster, T. Tourtellott.

One foolish way to worry is to think you have some sickness, and then to do nothing about it. Some people are afraid to go to a physician because they are afraid he might tell them they have the trouble they are worrying about.

Relieve your mind quickly. Visit your physician immediately if you think something is wrong. Get his expert advice, and the odds are that not only are your worries unnecessary, but under his skilled treatment you will get better quickly if you really have something wrong with you.

FRANCES MAHER

Widely-known figure in Catholic activities, the Kane woman has been unanimously selected supreme regent of the nearly half-million membership of the Catholic Daughters of America, fitting tribute to a half-century of distinguished service.

Miss Maher was first named head of the state organization in 1917, her leadership and ability resulting in reelection to that post continuously for 33 years. During the latter part of her state administration, she served in various national offices and was first chosen supreme head of the organization at the Asheville, N. C. convention in 1950.

During her long career, honors in youth and social service work have even extended to an international level, Catholic Daughters' membership now including Cuba, Puerto Rico, the Canal Zone, and Alaska, along with active chapters in 46 of the United States.

She was recognized in 1946 for her outstanding work, when she was presented the Pio Ecclesia et Pontificia from Pope Pius XII, and in 1951, when she went to Italy for the Holy Year Pilgrimage, was granted private audience with the pontiff. One of a score of representatives of her organization attending the international convention that year, Miss Maher presented a check for \$10,000 for relief of the poor in Italy.

The Kane woman edits the C. D. of A. magazine, "News and Views", and publishes a quarterly bulletin issued on a nationwide scale. She is a board member of the National Council of Catholic Charities, and of Gannondale at Erie. She serves on the Governor's Committee on Children and Youth, and attends meetings called by the nation's president on Highway Safety.

In her home community of Sheffield—since a number of members are attending the convention in Philadelphia, there will be no meeting of Warren County Salon 405, Eight and Forty, until next week.

Miss Maher has been mentioned for the Pennsylvania Woman of the Year Award and is recognized as one of the busiest leaders in women's work in the nation.

though towns in the state would be by-passed. Many are of the opinion that by-passes are not injurious to business of a community and that a limited access roads within a few miles of any town will greatly increase traffic, much of which will leave the road and enter the nearby communities for service and lodging.

It was pointed out yesterday that the Interstate Highways are built to specifications for use in the year 1975 and will be the most modern possible. This is especially important in the northern tier where we rely largely on truck transportation. Industrial development would be hindered, also, if Route 6 were eliminated from the federal system, for statistics show that industry tends to locate in close proximity to the limited access roads.

Warren was represented at the meeting by Joseph H. DeFrees, Edward Betts, and B. S. Knabenshue of the Highway Transportation Committee and Charles R. Tranter, Executive Vice President of the Chamber of Commerce.

Inquiry Is

13, 1952, over the Sea of Japan or near the Kamchatka area of Soviet Siberia.

The B29 carried 12 men and the Privateer 10.

The note said the United States had been informed and was "compelled to believe" that some of the crew members from the two planes are being held by the Soviets.

Reports have been received, the note continued, that as many as eight Americans, also believed to be members of the Privateer crew, had been seen in the Vorkuta area in September 1950.

Referring to the B29, the note said an officer believed to have been a member of its crew was reported seen in October 1953 in a hospital at Narionburg, north of Magadan near the crossing of the Kolyma River.

Among those listed in the 10 man Navy crew were Lt. John H. Fette, Connellsville, Pa.; T. C. M. Edward J. Purcell, Rt. 1, South-westville, N. J.; Aviation Electronics Mate 3C Joseph N. Rinnier, Jr., Philadelphia.

Among those listed on the B29 were Maj. Samuel Busch and Lt. James A. Sculley, Philadelphia; M. Sgt. William R. Homer, Jeanette, Pa., and S. Sgt. Miguel W. Monserrat, Philadelphia.

Quick Approval

(From Page One)

Washington (AP)—Congressional leaders moved with adjournment fever haste today to overcome presidential objections that brought a veto of a \$2,153,866,000 military construction bill.

The President vetoed the bill on the ground it would restrict the Defense Department's authority to develop the Talos guided missile. He said a requirement in the bill for advance approval of both the Senate and House armed services committees "would destroy the clear lines of responsibility which the constitution provides" and give the committees "authority to nullify congressional authorization."

Hardly had the veto message been delivered to the House than Chairman Vinson (D-Ga.) of the Armed Services Committee drafted a new measure without the language Eisenhower opposed. Otherwise, the new bill follows the vetoed measure exactly.

Assuming committee approval, Vinson announced he would ask the House to pass the revised measure tomorrow.

There were no indications that the House would refuse to pass the new bill, and the signs pointed also to quick Senate approval.

LAD HAS NARROW ESCAPE

James M. Barker, a 17-year-old Ridgeway boy escaped serious injury Wednesday when his auto left Rt. 219, struck a large billboard and was demolished. The accident took place about 2.8 miles south of that borough. Barker was admitted to the Elk county General Hospital with lacerations of the face and possible internal injuries. State police, who conducted the investigation, say Barker apparently fell asleep at the wheel.

GREEN PENNANT

Warren State Troopers and service club representatives met last week and made plans to start their Green Pennant safety program in borough schools the week of September 17 and a week later in the county. At the meeting it was also discussed what materials would be used in the program for the coming year and who would participate. A full season of film, talks and pennant presentations is planned.

MINOR ACCIDENT

Damage estimated at \$200 was caused at 10 o'clock last night when one youthful driver misjudged another along Pennsylvania avenue at Hickory street. William Michael Manno, 18, of 916 Fourth avenue, told police he was pulling to the north curb of Penn to stop as he headed west. Right behind him was Tom Letrent, 17, of 302 Eddy street. His misjudgment damaged his car \$75 and the lead machine \$125.

EVENTS TONIGHT

THE LINE UP—Plastic fuel drop tanks like those shown in London will soon replace metal tanks for use in British military aircraft. Ranging in capacity from 50 to 500 gallons, the molded plastic tanks can be jettisoned more accurately after use than those made of metal. They were developed in Great Britain and may be used elsewhere.

PICTURE NEWS

AROUND THE WORLD

A CRAFTY GROUP—Members of a water color class in St. Louis, Mo., took advantage of the good summer weather to paint some of the city's landmarks from the steps of the Central Public Library. The class had a triple-header choice of subjects; the twin towers of the Basilica of St. John, the lofty spire of Union Station or Centenary Methodist Church.

LIVING A STORY—Ever hear about letting the cat out of the bag? Well, 13-year-old Patricia Whalen, of Elizabeth, N.J., puts her pet feline, Pushkin, into an accessory bag on the fender of her bicycle when she travels about the neighborhood. Pushkin seems perfectly content not to be let out.

WHAT IN THE WORLD?—A young camel seems to have only disdain for a new-fangled type of transportation replacing the sort he formerly provided. The modern diesel-electric passenger train is the first to run on the new Na'an-Beersheba railway line into the town of Beersheba, in Israel. The 46-mile long line is the largest rail-building enterprise in Israel since the establishment of the State. Built with technical assistance from the International Cooperation Administration, the line now transports raw materials from Negev.

ROMAN FOURSOME—Carefully checking the incubators in their cots, a nurse watches over some quadruplets born in Rome. The quads weighed from one-and-three-quarter pounds to three-and-one-quarter pounds each and were born within half an hour to the wife of an unemployed marble worker. They have a 15-month-old sister, Maria.

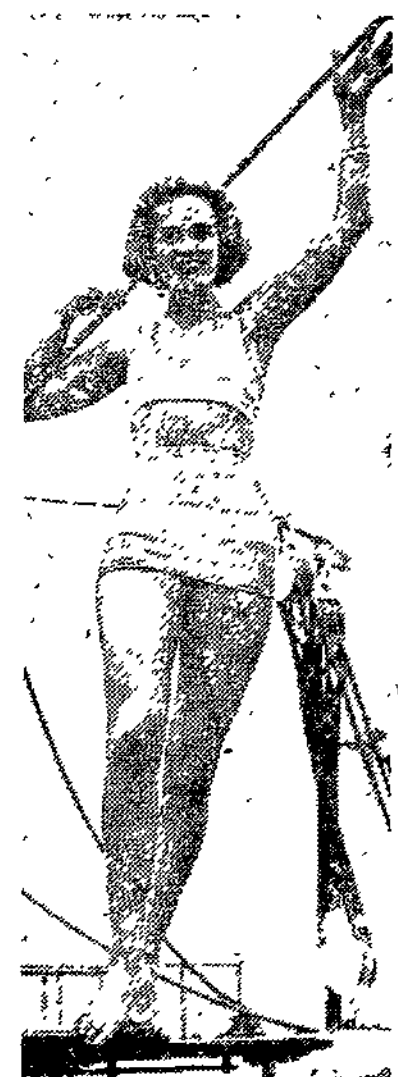

MOTHER LOVE—As she fiercely guards her new-born son, Madame Monkey, a pig-tail macaque from Malaya, clutches junior to her side at the San Francisco Zoo. She's afraid the photographer is up to some monkey business.

IN THE SHADE—Hedda Linton, an English girl visiting Ischia, Italy, a sunny island near Capri, discovered a fancy way of keeping out of the hot sun. That oversize umbrella is made of straw, and it looks large enough to keep several people from getting sunburned.

TAKE THEM EASY!—Barbara Frischknecht, left, and Rita Romy, assistants of a big game hunter, are holding four leopard cubs at an office in New York's Rockefeller Plaza. The little animals were displayed in the window of an airline company, but they just would not smile for the camera.

MIGHTY MISS—Blonde Helga Weiss, 19, from Germany, waved a greeting to New York when she arrived by ship. She's Europe's champion long-distance swimmer and will compete in the Steel Pier International Marathon Swim at Atlantic City, N.J. If she wins the 26-mile course Helga will get \$15,000.

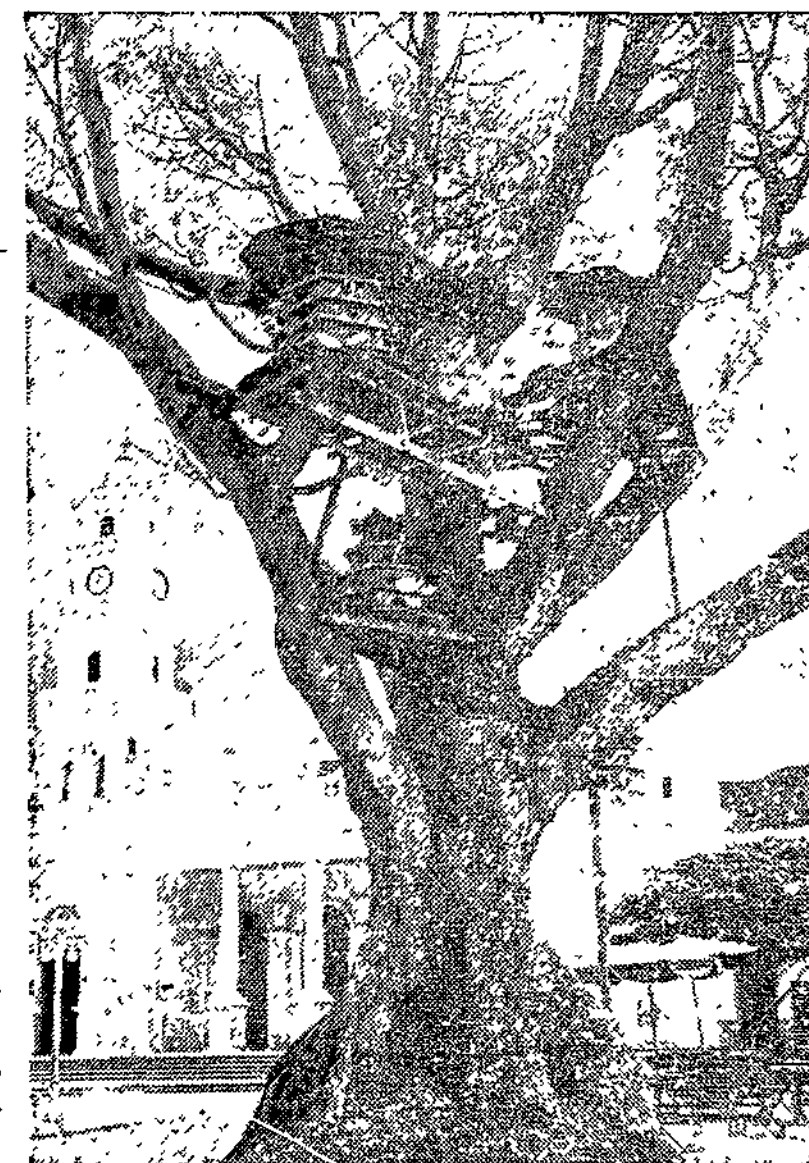

IT'S A PROBLEM—Two-year-old Marcie Liotta just couldn't make up her mind about which coconut to choose from that pile in San Juan, P.R. The trouble was, Marcie could only carry one of the king-size nuts. She couldn't even pick up the largest of them, let alone carry it away.

MAMMY STYLE—Lined and bound with a bandana print, this new cap is done in express stripe heavy-duty denim. It's easily carried in pocket or purse and is at home in the garden or out on the beach.

CALF JACKET—Low-priced, luxury topping for a sports skirt or daytime dress is a sleekly fitting jacket done in beige and white spotted calf-skin. It has a handsome, nipped-in, single-buttoned waist which has a lining.

REALLY FOR THE BIRDS—Municipal housing for pigeons is a community responsibility authorized by the mayors of many villages and cities in Colombia. Here, in Medellin, every pigeon has its own "apartment" in the four-storied dove-cotes built in the limbs of a ceiba tree.

Kurz Pitches Fourth Hot Stove No-Hit

Last night was bantam division night in Hot Stove League play on area diamonds.

Young Kurz pitched his 4th no-hit game this year, as well as homering twice and tripling, to lead St. Paul's Lutherans to a smashing defeat of Exchange Hotel at Lacy Field. Solock also clouted for the circuit with a homer, triple and double, while Peterson and Alexander went for three and two baggers each. Smith hit a pair of doubles and Prokov tripled. Alexander caught for St. Paul's and Risteau and Smith were Exchange battery.

At Russell, Jerry Lauffenberger struck out 16 batters and hit a triple to lead his Clyde R. Norris squad to a 9-4 win over Russell Merchants. Pritchard caught for Norris and Wilkins and Rodgers were Russell battery.

New Process Company administered a brutal shelling to Warren Bank and Trust Company at Winslow Field behind the two-hit pitching of Lind, who homered for his cause. Geer also homered for NPC and Rydholm hit two triples, a double and single. D. Dahler smacked a three-bagger. Lind and Check won for NPC over Bank and Trusters battery of Stanton and Coates.

At Beaty Field, Sunray Products blanked Penn Furnace 3-0, as winning mound combo, of Tim Chase and Denny Seymour gave up only two hits against eight allowed Sunray by D. Smith and R. Javens. Seymour also tripled to lead his teammates in the hitting department.

At Thomas Coupling Field, the Warren National Bank dropped a close one to Community Consumer Discount Company, 7-8. CCDC catcher Knupp had a field day at the plate as he slashed a pair of homers and a double. Pitcher Daugherty also rapped a homer and an other extra-bagger, a triple, went into weeds from the bat of Blyth. WNE pitcher Buhlman hit a homer in his own behalf and Rock caught.

At the South Side playground, Thomas Coupling downed Emblem Oil 19-0. Chapel, Johnson and Albaugh were winning battery, with teammates Erickson homering, Anderson tripling and Chapel, Brenner and Ekey doubling. White, Bevevino and Fidale were Emblem battery.

In a midjet division scrap at Beyer Field, Hammond Iron knocked the Seneca Lumber 10-3. Larson and Daugherty comprised the winning mound combination and Larson tripled. Seneca Lumber battery was Engel, Arnold, Trager and Musante. Slagle tripled for the losing cause.

E. E. Young Company of Youngsville subdued the Community Discount Company bantam division Hot Stove team 9-4 in a game at Beyer Field. Young battery of Crippen, Mulvey Skelley and Bosko held the Discounters to three hits by Tranten, Daugherty and Knupp. Mulvey got a home run and double for Young Company, Seamans tripled and Martin also doubled.

Certified Beats Bakers 5-3 and Texas Drops Guff's 12-1 in Softball

Certified Electricists clouted their way to another win in City Softball League Competition last night behind a barrage of doubles by Madigan, Massa, Bartholomew, Carlson and Whitaker.

On the receiving end was New Bakers Cleaners who dropped the decision, 3-5. Lone extra-bagger for Bakers was a double tagged by Molinaro.

Massa tripled for Certified and Bartholomew rapped a four-bagger. Sorensen struck out ten men for Certs.

Certs got one run each in the first, second and ninth and a pair in the third. New Bakers scored two in the second to tie up the contest momentarily and scored a lone tally in the seventh.

Illegal Football Player Payments Probed in West

San Francisco (AP)—A special meeting of the Pacific Coast Conference Presidents' Council goes into session today to review penalties assessed on four member schools for illegal payments to football players by alumni and booster organizations.

Dr. Fred C. Fagg, president of the University of Southern California, asked for the meeting and suggested the presidents agree to suspend all pending bans against athletes.

Hit hard by conference action, taken by the faculty representatives for athletics at the nine PCC member schools, were USC, UCLA, Washington and California. The faculty group has been asked to sit in at today's meeting.

Dr. Fagg proposed that a new code governing athletic scholarships be drawn and that punishment for past violations be patterned from the new code. Reaction to the special meeting call was mixed. Some presidents said they did not feel it necessary.

HIKING BOOT TIPS

IN HEAVILY SNAKE-INFESTED COUNTRY, HIGH TOP BOOTS OFFER THE MOST PROTECTION, BUT THEY'RE HEAVY AND BIND THE CALF OF THE LEG, MAKING HIKING TIRESOME. IF POSSIBLE, WEAR BOOTS THAT COVER THE ANKLE (LIKE WORK SHOES) OR NOT MORE THAN 10" HIGH. BOOTS SHOULD BE STURDY TO PROTECT FEET AND REDUCE SPRAINED ANKLE POSSIBILITIES. LEATHER IS IDEAL. AVOID "SAFARI-TYPE" SHOES; THEY DON'T SUPPORT ANKLES OVER ROUGH TERRAIN.

COMPOSITION CORD OR CREPE RUBBER SOLES* GIVE BEST FOOTING, BUT INSIST ON LEATHER INSOLES. AVOID OIL-TANNED UPERS AND WATERPROOFING; THEY ARE HOT, CAN'T "BREATHE." SADDLE SOAP REMOVES EXCESS OIL.

PHILLIES CONTINUE TO MAKE THINGS ROUGH IN NATIONAL

By ED WILKS
The Associated Press

It was the St. Louis Cardinals who tagged Harvey Haddix "The Kitten", but since the stubby southpaw was traded to Philadelphia, he hasn't done much pussy-footin' around against his old mates. He's whipped them in three of four tries.

Haddix, who picked up the nickname because his mound motions resembled those of former Red-bird lefty Harry (The Cat) Brecheen, made it three straight over the Cards last night 2-0 as the Phillies continued to make things rough for the National League's first-division clubs.

They took the series from the fourth-place Cardinals 2-1 after a three-game sweep that knocked Cincinnati from first place and a four-game split that side-tracked a drive by third-place Brooklyn.

The defeat again put St. Louis at .500 and left them nine games short of the first-place Milwaukee Braves, who won their seventh in a row with a 2-1 decision over Pittsburgh on Hank Aaron's home run.

Cincinnati remained two games behind with a three-homer, 10-4 decision over last-place New York. Brooklyn, five games back, got only three hits, but beat Chicago's Cubs 4-1 as Roger Craig pitched a 2-1-hitter in a rain-shortened, six-inning game.

Cleveland "lightened" the Am-

erican League race by defeating Boston 7-3 while rain idled the New York Yankees and Chicago White Sox.

Haddix, who was 1-0 when traded to the Phils in a five-pitcher deal May 11, won his eighth and fourth straight against three defeats, walking only one and fanning eight to take the league strikeout lead with 97. He also

The victory put the Phils only half a game behind fifth-place Pittsburgh.

Kiwanians Plan for All-Star Game

PLANS FOR ALL-STARS — Additional plans for the day of Hot Stove League All-Star games, August 11, were completed at a recent meeting of the sponsoring Kiwanis committee. From left are Robert Alexander, Irvin Poust, Dr. Walter Jones, Clifford Terry and Richard Betts, in charge of the event.

Plans continue to be made by the Warren Kiwanis Club's Special Projects Committee and Hot Stove representatives for the coming "All Star" Hot Stove Games to be played August 11th on War Memorial Field from 3:00 - 8:00.

Several meetings such as shown in the above picture have been enthusiastically attended by the Warren Kiwanis Club's Special Projects Committee composed of Richard Betts, chairman, George Redding, Clifford Terry, David Potter, Dr. Walter Jones, Robert Alexander, Frank Wood, and Merle Kramer. Representatives for the Hot Stove are Clifford Terry, chairman, Irvin Poust, and Robert Johnson.

A considerable amount of time and effort is being put forth by both committees to organize this new type of Hot Stove competition which both old and young alike can enjoy. For the first time since Hot Stove was organized eight years ago, two "All Star" teams from each of the five Hot Stove divisions will be matched against one another. For the first time those boys who have earned the right to be considered "All Star" players will receive public recognition and the honor of playing with other "All Stars" within their division.

Dr. Lee Berger, President of the Warren Kiwanis Club, states that the local club is sponsoring the coming "All Star" games as a benefit for the Kiwanis Welfare and Underprivileged Children's

Fund. It is felt by our members that this type of program featuring entertainment but will also encourage Hot Stovers to play their best ball while helping the League to continue to operate successfully.

Plan on attending these "All Star" games to be held August

11th at War Memorial Field and witness Big League Pitching, hitting, catching, and sliding Hot Stove Style. Adult tickets for \$1.00 and \$2.50 student tickets will be available within another week from all Kiwanis Club members and Hot Stovers wishing to sell.

Speaking of Sports ...

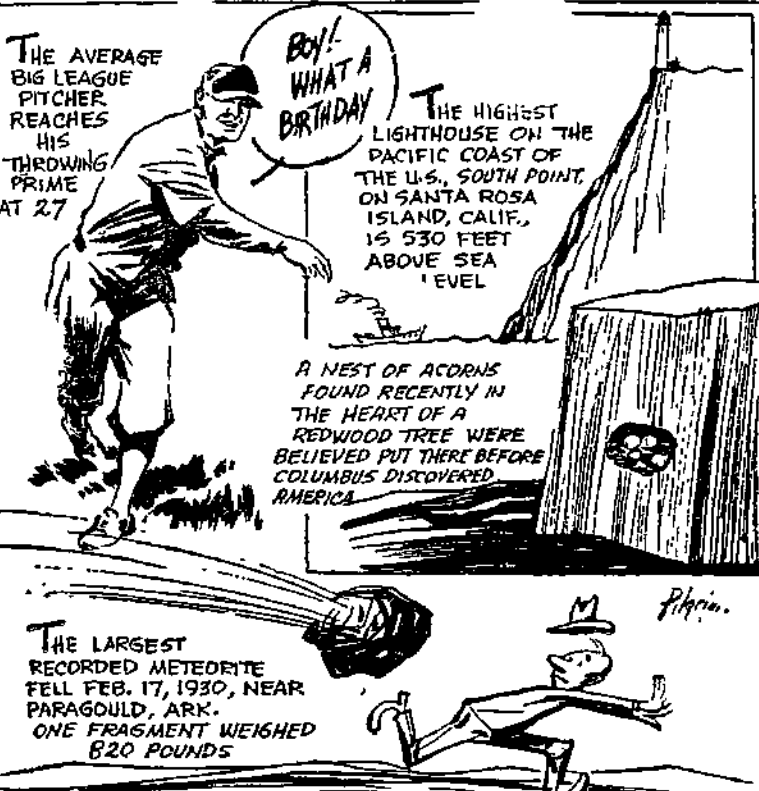

One of the grandest sporting gestures in many a moon took place Sunday at Conewango Valley Country Club when a full field of amateurs and professional golfers took to the links for a generous assist to fellow pro, Paul P. Porter, who was severely injured in an automobile accident some time ago. Paul was on hand for the event, in a fairly affable mood despite a fractured jaw wired shut. He reported himself still shaken up from the crash and a little the worse for weight, but anxious to resume his golfing career.

Twelve-year-old Mark Ristau, son of Mr. and Mrs. Harold Ristau, Warren-Kinzua Road, found himself with a real battle on his hands opening day when a fat worm on the end of a spinner looked good to a bass hovering off the dock in front of his home. A great, big fight later Mark had himself the 5½ pound bass meas-

The languishing Pittsburgh Pirates (who certainly can use some talent) are staging a series of tryout camps in the near future. Monday and Tuesday, July 23 and 24, they will be at St. Marys, West Virginia. The 24th and 26th, tryouts will be staged at Wheeling, W. Va. July 30 and 31 will find them at Charlestown, W. Va. Participants must supply own equipment and expenses will be reimbursed only to those signed to contracts. All sessions get underway at 9:30 a. m.

In the front row of the picture of the Kiwanis Hot Stove League team printed last week, Bruce Africa, Dick Terry, Tom Africa and Dave Grady are standing in the first row. Behind them are Russell Rudolph, Cliff Terry, team manager, and Don McKelvy. Team members who couldn't attend the session arranged by Richard Betts in honor of the Hot Stovers were Dave Honhart, Art Elder, Joe Vavala, Dave Crosslett, Fred Templeton, Ken Albaugh and Bill Coughton.

And for the real sports who participate with one hand, the J & J Cigar Store at Erie, which was raided by vice squad officers this week, apparently believed in protecting its gambling patrons. ... The Erie Times reports that the following sign was displayed above the bank of slot machines in the cigar store when the store was raided: "If you hear a buzzer sound stop playing the machine. It will mean the law is paying me a visit. They make routine visits every so often. (The reason is they might hear it upstairs). Thank you". ... "When they are gone I will let you know and you can resume playing. Jackpot \$5 if it is hit when empty". ...

Predicts Court Fight on Interracial Sport Ban

Baton Rouge, La. (P) — Gov. Earl Long predicts a court fight against Louisiana's new law banning interracial athletic contests after Oct. 15.

Long signed the bill into law yesterday, throwing a question-mark over the future of the Sugar Bowl, the Texas League and other sports events.

The new law will prohibit "dancing, social functions, entertainments, athletic training, games, sports or contests and other activities involving personal and social contacts in which the participants or contestants are members of the white and Negro races."

It also requires segregated seating and "separate sanitary, drinking water and other facilities for members of the white and Negro races."

BAND WINNERS

The Rocky Grove Volunteer Firemen's Band copped second place honors in the best band division during the big parade which climaxed the 26th annual convention of the Northwestern Pennsylvania Firemen's Association at Meadville on Saturday. An estimated 35,000 spectators viewed the mile-long spectacle and the bands and marching units were all at their peak. The Youngsville VFW band was given the first place honors in the best band class with the Grove group a close second.

FLASHERS ORDERED

A more than two-year effort on the part of some 30 women—members of the Port-Lake Civic Club of Ridgway has come to a successful conclusion. The State Public Utility Commission has directed the installation of automatically-operated flashing light warning signals at the point where the tracks of the Baltimore and Ohio, and the Pennsylvania Railroad cross Traffic Route 949 at Carman in Spring Creek township. The intersection is located about 8½ miles southwest of Ridgway. The cost of the installation will be about \$10,000.

THE CRUDE ADVANCE

Commenting on the increase in prices of crude oil posted by the Seep Agency Monday the Titusville Herald says: Middle District crude brings less than Bradford because of the difference in pipe line charges. A barrel of Bradford crude can be delivered to Oil City for less than a barrel of Pleasantville crude, for example, even though the Bradford oil costs 13 cents more at the well. Bradford pipe line charges are less because there is much more oil in that district to pump. Middle District crude is now within a jump of its eight-year high of \$4.55 a barrel in 1933. To find a price higher than that, one must go back to 1947 and 1948, when it brought \$5. The historic high in modern times was \$6.10 in 1920. In the last 20 months the price has jumped \$1.29 a barrel.

County Will Receive \$237,264 from State Motor License Fund

Warren County will receive \$237,264 this year from Pennsylvania's Motor License Fund for construction and maintenance of roads, streets and bridges. The sum is \$83,967 more than \$153,296 allocated for the county last year.

Requisitions for the payment of \$45,667 to cities, boroughs, first and second-class townships as authorized by Act 655 have been forwarded to the auditor general. Act 655, passed in the last legislative session provides for the payment of \$30,000,000 to municipalities.

Largest amount will go to Philadelphia which grant is \$3,028,119. Second high county is Allegheny which receives \$2,606,657. Elk County gets \$138,269; Erie County, \$855,551; Forest, \$60,505; McKean, \$184,065; Crawford, \$333,141; Clarion, \$300,279; Venango, \$303,637.

"The allocation formula under Act 655 is identical with that used in previous years," Secretary Lawler said. "The money is divided on a 60 per cent mileage basis and 40 per cent population basis. That is how the Act specifies and that is how the Department has made its allocations. With \$12,000,000 additional provided in Act 655, it is obvious that each municipality, rural and urban, will receive more money."

THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

provided only \$518,000,000 in State aid to the municipalities. Act 655 increases this to \$30,000,000 a year. In addition to increasing the amount for the municipalities, the Act eliminates the matching fund provision which in previous years required the municipalities to raise \$4,000,000 locally in order to participate fully in the State program.

To qualify for the money each municipality is required to furnish the Department of Highways with specific information spelled out in the Act. These reports must be submitted to the Department's district engineers in charge of the area in which the municipality is located. They are then checked for accuracy and forwarded to the Central Office and thence to the fiscal offices for payment.

The initial allocation covered 17 cities, 24 first-class townships, 176 boroughs and 383 second-class townships.

The first semi-annual payment is due on June 1, the second on December 1. Municipalities which have not forwarded report forms to highway district engineers are urged to do so promptly.

GOOD YEAR 3-T TUBELESS DeLuxe Super-Cushion

Look no further! We've got the world's best deal on the world's most popular tire. Our trade-in allowances are almost as tremendous as the tire itself. You can't go wrong on either. Goodyear's exclusive 3-T Triple-Tempered Cord and Grip-Seal Construction provide extra protection against blowouts and punctures. And for stop-start traction plus longer, safer mileage, you can't beat the skid-resisting, deep-rubber tread. Come in and see the 3-T Tubeless DeLuxe Super-Cushion. Check our deal and you'll deal!

Convenient Terms—\$1.25 per week buys two tires!
